

2012 Planning for Your Future Workshops

IMRF "Planning for Your Future" member workshops feature a speaker from IMRF who will address the steps you must take before and during the IMRF retirement application process and discuss the IMRF benefits available to you. Because of U.S. Government budget constraints, we no longer have Social Security speakers at our meetings; however, we will have Social Security handouts available.

Workshops last approximately 2-1/2 hours.

Below are the dates and locations of the "Planning for Your Future" workshops scheduled for this year. To find out more and register, log in to your Member Access account.
