  - Birth certificate
  - Marriage certificate (if married)

## YOUR RETIREMENT IS PROCESSED

After you submit your retirement application, you will receive information about your retirement benefits and how you can manage your benefits with a Member Access account.

Log in to your [Member Access account](#) as soon as possible to fill out the following forms:

- [IMRF Form 6.11A, "Designation of Beneficiary for Annuitants"](#)**  
Death benefits change after retirement; make sure to fill out a new beneficiary form. The designation takes effect when the form is on file in IMRF's offices.
- [Form W-4P, "Withholding Certificate for Pension or Annuity Payments"](#)**  
The IRS requires you to fill out a W-4P and return it to IMRF.

**You will receive an estimated pension based on IMRF's Standard Pension Calculation.**

Your IMRF employer should submit a termination of your IMRF participation and report your unused and unpaid sick days to IMRF. You may be able to convert your unused, unpaid sick days to service credit if you are leaving employment for retirement, and the effective date of your pension is within 60 days of your termination. (Note: Limitations apply, contact IMRF for more information.)

**After your employer reports your final earnings to IMRF (about one month after your retirement date), IMRF will calculate the actual amount of your pension.**

You may have choices to make about your retirement benefits—for example, if you're eligible for a refund of your surviving spouse contributions. In those cases, you will receive an Option Letter explaining your payment options. After returning your Option Letter, you'll receive your Certificate of Benefits.
