Annual Member Statements are Available for Your Review in Member Access

Your Member Statement is available online in Member Access. Please take a few moments to make sure your Member Statement is accurate. If there are any problems, it will be much easier to resolve them now than when you are ready to retire! Please be sure to review all pages of your statement, including your beneficiary information.

What Information is in Your Statement?
Your annual Member Statement provides detailed information about the benefits available to you as an inactive IMRF member—retirement and survivor benefits. It includes your IMRF account activity for 2021 as well as an overview of past service, contributions, and employers.

Your Member Statement also includes your Member Identification Number. To protect your information, please use this number in place of your Social Security Number when calling or completing paperwork for IMRF.

To view your Member Statement in Member Access, login and click on Member Statements under Quick Links in the right column.

Member Statements are available online only. A Member Access account is required for viewing online Member Statements. If you do not have a Member Access account, go to www.imrf.org/register.
If you have left your IMRF employer and will not continue to participate in IMRF, you can leave your contributions on deposit with IMRF, or you may be able to take a refund. Leaving your contributions on deposit with IMRF may make sense if you are vested or if you think you may work for another IMRF or reciprocal system employer in the future. When you take a refund of your IMRF contributions, you forfeit all of your service credit and your right to any future IMRF pension and death benefits.

For more information on whether taking a separation refund or leaving your contributions on deposit is right for you:

Who Should Attend?

- Your benefits as an IMRF member.

Should I Apply for a Refund of My IMRF Contributions?
If you have left your IMRF employer and will not continue to participate in IMRF, you can leave your contributions on deposit with IMRF, or you may be able to take a refund.

Leaving your contributions on deposit with IMRF may make sense if you are vested or if you think you may work for another IMRF or reciprocal system employer in the future. Strong 2021 Investment Return Brings IMRF's Funded Status to Nearly 100%

IMRF earned more than double its 7.25% investment target during the most recent fiscal year ending December 31, 2021.

Financial Highlights

During 2021, IMRF:

- Earned an investment return of 16.6%, after paying investment management fees.
- Grew its investment portfolio by $7 billion, from $50.3 billion as of December 31, 2020 to $57.3 billion as of December 31, 2021.
- Increased its actuarial funded status to 98.6%.

Funding Status

IMRF's funding status is a key indicator of our overall financial health. It reflects the percentage of benefit promises that IMRF has assets to pay. IMRF strives toward 100% funding because it guarantees that the system can meet its obligations and is most cost effective for taxpayers.

As of December 31, 2021, IMRF was 98.6% funded on an actuarial basis. IMRF's actuarial funding status is determined by independent actuaries using a "smoothing" technique that recognizes investment gains and losses over a five-year period. The actuarial funding status is used to set IMRF contribution rates for participating units of government. Below you will see that over the last 10 years IMRF’s funded status has held strong above 85% dating back to 2013.
